PREFACE

The present volume of the Descriptive List of Secret Department Records covers the years 1781-82 and comprises correspondence of the Company's authorities at Fort William with the Presidencies of Bombay and Madras, with their agents at the Courts of the Nawab Vazir of Oudh and the Nizam, and with the various Indian Chiefs. There is a detailed coverage of important subjects like the Second Mysore War, dealings with the Marathas in Central and Western India, Oudh affairs, insurrection of Raja Chait Singh, etc. Incidents such as the Anglo-French naval skirmishes in the Bay of Bengal, destruction of Haidar Ali's fleet by E. Hughes, occupation of the Dutch settlements in India by the Company in consequence of the rupture between Great Britain and Holland, taking over of the Guntur Sarkar by the Nizam, etc., also figure in the correspondence.

The pattern of describing the documents in the present volume is the same as in the lists already issued. There is, however, one deviation, in that the list has not been furnished with an index. It is proposed to bring out a consolidated index to all the volumes in the series.

I take this opportunity to place on record my appreciation of the assistance of Sarvashree K.D. Gupta, T.R.Sareen, the late D.P. Datta, B.D. Saxena, Surinder Singh and Diwan Chand Sharma in bringing out the present list. The work was supervised by Shri H.N.Mathur, Assistant Director of Archives.
